

North series

Designed by Glismand & Rüdiger, Denmark

North is a classic, timeless sofa defined by its distinctive wooden frame and refined craftsmanship. The design is FSC™ certified, and clean lines combined with a solid oak base elevate the look while ensuring lasting strength and stability. The reversible cushions are designed for long-lasting comfort and support. Choose a classic configuration, a corner sofa, or add a chaise longue or pouf to suit your space. Customise North in your preferred fabric, traceable leather, or choose changeable covers to extend its lifetime – allowing you to renew and transform the design over time.

Meet the designer

Bolia was born in Denmark, and so was the renowned design duo Glismand & Rüdiger – an origin that serves as main source of inspiration in their approach to furniture design. When designing furniture, the design duo seeks inspiration from the vivid Scandinavian nature and materials while honouring the proud design tradition built on simplicity, elegance, craftsmanship and sustainable materials. “We share a passion for Scandinavian design and natural materials. Sustainability is the starting point for every new design we create. All the way from the first sketches to the final product, cause what we believe the most, is designing beautiful products that are built to last and survive trends.” For Glismand & Rüdiger Scandinavian design isn’t a label, it’s a commitment in their design-work. It’s something to be interpreted in contemporary and new ways, and something to be proudly honoured.

Notice

Leather sofas do not have changeable cover.

Test and certifications

FSC™ C165134 (Forest Stewardship Council) is an international organisation that advocates for responsible management of the world's forests. FSC-labelled products contain wood materials from forests that meet strict environmental, social and economic standards, helping to protect biodiversity, ecosystems and local communities.

EN 16139 - L1: General use. Furniture – Strength, durability and safety – Requirements for non-domestic seating. EN 1022 - Domestic furniture - Seating - Determination of stability.

Tested according to the Toxic Substances Control Act - TSCA Title VI - to ensure wood-based materials do not emit excessive amounts of formaldehyde, and that they comply with permitted limits.

BS 5852 part 1 - Determination of flammability resistance
