

Eos Rectangular Table by Matthew Hilton

Eos Rectangular Table by Matthew Hilton

Eos is a contemporary outdoor collection which is physically and visually light, smartly proportioned and very comfortable.

Certain to inspire leisurely outdoor living and dining during the long days of summer, this collection was named after Eos, the Greek goddess of dawn and bringer of light.

The Eos Rectangular Table is fully constructed from powder coated, rust-proof aluminium with hardwearing nylon glides, suitable for all floor types.

The table neatly houses two accompanying benches and can be used together with Square tables to offer larger and adaptable configurations.

Notable commercial projects to feature Eos include London Olympic games 2012, Royal William Yard, Imperial War Museum, LA Music Centre.
