## A-Chair Metal Base

By Jens Risom, 1961

<b>Model</b>	6542 - A-Chair Metal base Club chair, Metal Lounge chair
<b>About</b>	Echoing his sentiment that "when sizing up a chair, do it sitting down", Risom's design of the A-Chair fuses comfort with a well-tailored sense of class. With the A-frame in the back that cradles the chair, it began as a functional detail and became the signature trait. The slight angle of the back is mirrored in the angles of the arms, adding a sense of equilibrium to the leaned back look. The two-piece back and seat cushion add comfort and are discretely incorporated into the design as graphic elements.
<b>Product group</b>	Lounge chairs
<b>Measurements</b>	W: 78 cm, D: 87 cm H: 87 cm, Sh: 42 cm
<b>Weight</b>	25 kg
<b>Materials</b>	Welded steel base with optional glides for hard or soft flooring. The upholstered body is made on a core frame built from solid wood and plywood, then padded with CMHR or HR foam. The separate seat cushion has a CMHR or HR foam core which is wrapped in a sectional inner cover containing a mix of feather and foam chips. The chair is available with upholstery in fabric or leather. When upholstered in fabric, the seat cushion is covered on both sides. Seat cushion can be removed for cleaning. Other parts of the upholstery is not removable.
<b>Accessories</b>	Glides with or without felt
<b>Guarantee</b>	Fredericia Furniture A/S offers a five-year guarantee against manufacturing defects in standard products (materials and construction). Wear and damage to covers, surface treatment, inappropriate use and the like are not covered by the warranty.
