RF1903 | SIDEWAYS SOFA

RIKKE FROST

DESCRIPTION
The RF1903 Sideways Sofa combines classic materials with a modern asymmetric shape. The steam-bent backrest is shaped from solid wood and woven paper cord for a light, elegant expression, while the seat and back are padded and upholstered for optimal comfort. The result is a sofa you want to sit in for a long time. The distinctive design eschews the traditional forward-facing sofa in favor of a sideways position that encourages more natural conversation.

DESIGNER
Danish designer Rikke Frost (b. 1973) has always been curious about the combination of different craft traditions and types of material, a fact clearly reflected in her design portfolio where traditional and contemporary design is expressed in sofas, tables, chairs and lamps with an organic idiom. Rikke Frost has won and been nominated for several awards, including the Danish Design Award and Bolig Magasinets Design Award.
