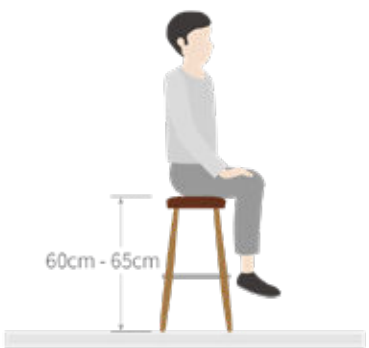
CHOOSE THE RIGHT HEIGHT STOOL, TABLE AND CHAIR

OLSON + BAKER

STANDARD CHAIR HEIGHT

Commonly used at a dining table, an office desk, or any standard desk/table surface. Typical heights are: 43 to 45cm (16.9-17.7in)

COUNTER STOOL HEIGHT



Most frequently used stool for your home, breakfast islands, coffee shops and libraries. Counter Stool seat height will be anywhere from 60 to 65cm (23.6-25.in)

BAR STOOL HEIGHT

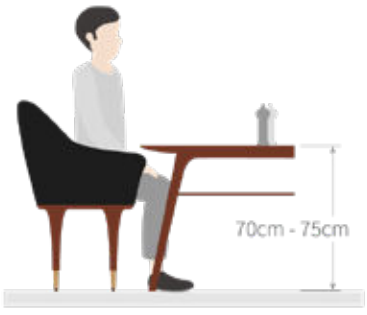
Made for taller than standard kitchen worktop height, you will find the best use for these stools in commercial areas, restaurants, pubs and cocktail bars.
Bar Stool seat height will range from 70 to 75cm (27.5-29.5in)

USEFUL NOTE

Leg Room - Aim to allow for at least 23 to 28cm between the underside of the table and the top of the seat.

STOOL TYPES	HEIGHT
Standard Height Chair/Stools	42cm - 45cm
Counter Height Stools	60cm - 65cm
Bar Height Stools	70cm - 75cm
Extra Height Bar Stools	81cm - 85cm
Adjustable Height Bar Stools	60cm - 80cm

STANDARD HEIGHT TABLES/SURFACES



Typically a dining table, an office desk, or a desk/table surface. Typical heights are: 70 to 75cm (27.6-29.5in)

COUNTER HEIGHT TABLES/SURFACES

Commonly residential breakfast islands, commercial coffee shops and libraries. Counter table/surface height will be anywhere from 90 to 92cm (35.4-36.2in)

BAR HEIGHT TABLES/SURFACES

Higher than standard/residential kitchen worktop height, these are usually used in commercial areas, restaurants, pubs and cocktail bars.
Bar table/surface height will range from 100 to 105cm (39.4-41.3in)

USEFUL NOTE

Footrest - Typically on a bar or counter stool a footrest will be 45cm below the top of the seat.

TABLE TYPES	HEIGHT
Standard Height Dining Table/Surfaces	70cm - 75cm
Counter Height Table/Surfaces	90cm - 92cm
Bar Height Table/Surfaces	100cm - 105cm
