

HVEN ARMCHAIR

Designed by Anton Björnsing

An embracing and comfortable armchair designed to generate happy moments around the dining table. It carries a light expression; cut to the bone and highlighted by few subtle details such as the overlapping poles and the curved forms that open up the space of the chair. The Hven series is named after the little, historical island located between Sweden and Denmark in the Öresund Strait.

ITEM NO.	DIMENSIONS	MATERIAL (COLOUR/S)	PACKAGING	TEST	DRAWINGS
