

RF1903 | SIDEWAYS FOOTSTOOL

RIKKE FROST

DESCRIPTION

The Sideways Footstool is characterized by its soft shape and fine details that refer to the Sideways Sofa; the solid wooden frame and the distinctive legs, highlighting the elegance of the wooden features in the same way as the sofa does. The organic silhouette of the footstool is a classic trademark of Rikke Frost.

DESIGNER

Danish designer Rikke Frost (b. 1973) has always been curious about the combination of different craft traditions and types of material, a fact clearly reflected in her design portfolio where traditional and contemporary design is expressed in sofas, tables, chairs and lamps with an organic idiom. Rikke Frost has been nominated for, and won, several prestigious awards.

MATERIALS

Frame: Solid oak with soap, lacquer, oil, white oil, or black paint. Note that oak has a clearly visible wood structure when painted. Solid Walnut with lacquer or oil
