

BK15 | INDOOR OUTDOOR

BODIL KJÆR

CARL HANSEN & SØN

DESCRIPTION

The sleek and streamlined, yet reassuringly robust, BK 14 sunbed was designed in 1959. Inspired by Cubism, Danish architect Bodil Kjær's sunbed's solid teak construction has a simple geometric quality. As with the rest of the collection, the BK14 is designed to weather beautifully over time.

DESIGNER

Bodil Kjær (born in 1932), as a furniture designer, views furniture construction from a purely technical perspective, interplayed with modern architecture and created for people. She always considers context and has collaborated with different professions in her desire to optimize physical settings.
