

Care Instructions

Cross Round Coffee Table

Cross Round Coffee Table – designed by Matthew Hilton

To prolong the life of the product and retain its appearance and functionality, we would like to give you some relevant information and care advice:-

This unit is manufactured with either oak or walnut.

Craftsmen manufacture this product and there is variety between each unit. This is because wood is a natural product, with natural colour and grain variations.

Natural timber is affected by sunlight; this can cause the wood colour to darken. For this reason (especially if placed in direct sunlight) it is recommended that placing objects in the same position for long periods of time is avoided. This potential colour adjustment becomes less relevant as the product ages.

It is recommended that no abrasive cleaners or solvents are used to clean the unit. Please only use proprietary furniture polishes or alternatively, warm water with a diluted mild detergent.

We thank you for purchasing this product and wish you many years of enjoyable and functional use.

Assembly Instructions

Required

A x 8

B x 4

C x 4

D x 4

E x 4

F x 1

Step 1. Assemble the leg section together by screwing in fitting D into both sides of the centre leg making sure the hole through the centre of the fitting D is facing towards the top. place in the dowels (fitting A) and take one of the 1/2 leg sections, insert fitting E into the top and bottom of the leg ensuring the clearance holes are aligned. Attach the legs and tighten fitting E, repeat for the remaining leg.

Step 2. Place the four remaining dowels (fitting A) into the holes in the underside of the table top as shown above. With help carefully place the leg section onto the table top aligning with the dowels. Insert fitting B and C into the relevant holes and fully tighten. With help carefully turn the table over.
