

Eos Square Table by Matthew Hilton

Eos Square Table by Matthew Hilton

Eos is a contemporary outdoor collection which is physically and visually light, smartly proportioned and very comfortable.

Certain to inspire leisurely outdoor living and dining during the long days of summer, this collection was named after Eos, the Greek goddess of dawn and bringer of light.

The Eos Square Table is fully constructed from powder coated, rust-proof aluminium with hard-wearing nylon glides, suitable for all floor types.

Stackable up to four tables, it can also be configured with multiple square or rectangular tables to offer larger and adaptable configurations.

Notable commercial projects to feature Eos include London Olympic games 2012, Royal William Yard, Imperial War Museum, LA Music Centre.
