Mouro Lamp

Portable + Rechargeable Lamp

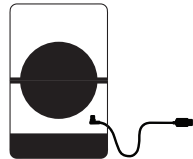

Mouro Lamp

Designed by Patricia Perez

- Portable and rechargeable lamp.
- Three light settings.
- USB Charger included.

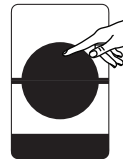

Charge

Plug the USB cable supplied into a suitable power outlet, and insert the small connector into the underside of the lamp. It will show a red light while charging and green light when fully charged.

Rotate

You can rotate the light 360°

Light intensities

1st touch - 25%
2nd touch - 50%
3rd touch - 100%
4th touch - Switch off

Special attention when using the battery:

- It can take up to 7 hours to charge the battery to full (where the charging light turns green) when it is used for the first time.
- Ideal charging current is 0.5c.
- The charging duration varies according to the charging current.
- Using the lamp when plugged in can shorten the life of the battery.
- If the lamp is not used for a considerable time, please do remember to charge the battery at an interval of every 3 months.

5V DC, 5W Max.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning

1. Read these instructions carefully before using this lamp.
2. Use in dry locations only. Indoor use only.
3. This lamp has been designed to be used in operating temperatures between 0° and 45°C. If the lamp is used in other ambient temperatures, the life of the battery may be reduced and not work properly. Don't leave this product under direct sunlight.
4. This lamp incorporates a high performance Lithium-Ion battery.
5. In order to extend the life of the battery it is recommended to charge regularly.
6. To clean this lamp use soft damp cloth, with soap or neutral detergent. Do not use alcohol or other solvents.

This symbol on the product or its packaging indicates that it must not be treated as household waste. It should, in fact, be handed in at a recognized collection point for recycling electrical and electronic equipment. For more detailed information about the recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.
