

Profile Chair by Matthew Hilton

Profile Chair by Matthew Hilton

The Profile chair is an elegant, stackable solid timber chair with an upholstered soft leather seat.

A well-proportioned subtle design with a recessed back detail makes this dining chair extremely comfortable to sit in for extended periods of time.

The chair's angular form is balanced by the softness of the upholstered seat pad. The chair is light in terms of weight and appearance and available in natural oak with a chocolate brown leather seat pad, or walnut with a black leather seat pad.
