Ocean OC2 Bench

Discarded plastic beer kegs and recycled hard plastic

The Ocean Collection was originally designed in 1955 by some of the 20th century's most renowned designers, Jørgen and Nanna Ditzel. The Green version is made in a collab with a:gain with discarded plastic beer kegs from Danish Carlsberg breweries. The series is characterized by its light structure with repeated slats and metal frames, made and tested for outdoor use. The Ocean OC2 Collection is designed for disassembly, meaning that the design allows each component in its purest form to recycle into new production circles.

Green

Designed by Jørgen and Nanna Ditzel

Item no. 09354 Ocean OC2 Bench – Green*

*Variation possible due to recycled materials

Country of origin Poland

Materials

Slats made from discarded beer kegs mixed with recycled hard plastic. One bench contains 3800g / 134oz beer keg plastic waste

Steel tube, 20% recycled steel, Gunmetal finish

Gliders Hard plastic gliders installed as standard

Test EN 581-1:2017, EN 581-2:2015/AC:2016 EN ISO 9227:2017

mater

Dimensions W 157 cm D 58 cm H 81 cm SH 46 cm ARH 67 cm / W 62" D 22" H 32" SH 18" ARH 26"

Weight 16,6 kg / 36.5 lbs

Packaging 1 box / 1 pcs.

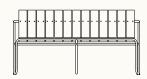

Maintenance Please follow our material cleaning and care guide <u>here</u>

Discarded beer kegs

In collaboration with one of the leading breweries in the world, Danish Carlsberg, Mater is using their used beer kegs to mould into the slats of the seats of the Ocean OC2 Collection.

Steel

Our Steel is made from 20% recycled steel with a gun metal finish. Steel is a strong and light material that can be processed in unlimitied ways.

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.
