

Veneda series

Veneda is a beautiful and timeless series of sofas and poufs. With a luxurious combination of feathjer and foam filling, it is incredibly soft and inviting, yet designed with a simple expression to exceed fleeting trends and tendencies. Veneda's cover is completely removable, which is another great quality ensuring a long lifetime, being able to adapt the sofa to changing needs and wishes. Its deep seats create an exclusive lounge aesthetic that stands in elegant contrast to the classic design language. A design that refuses to compromise on comfort, elegance or quality.

Notice

Our down-filled sofas are designed to offer a soft, inviting and deeply comfortable seating experience. The top layer consists of down and feathers, resting on a supportive core of cold foam. This combination creates a uniquely relaxed comfort, while also meaning that the filling is naturally responsive and will shift with everyday use. Over time, seats and cushions will gently change shape, adapting to the way the sofa is lived in. To help maintain its appearance, we recommend regularly shaking and plumping the cushions to redistribute the filling. Even so, the sofa will not retain its original shape completely, but will develop a more organic expression over time. This is not a flaw, but a natural characteristic of down filling – one that gives each sofa its soft, lived-in look and distinctive comfort. Leather sofas do not have changeable cover.

Test and certifications

FSC™ C165134 (Forest Stewardship Council) is an international organisation that advocates for responsible management of the world's forests. FSC-labelled products contain wood materials from forests that meet strict environmental, social and economic standards, helping to protect biodiversity, ecosystems and local communities.

EN 16139 - L1: General use. Furniture – Strength, durability and safety – Requirements for non-domestic seating. EN 1022 - Domestic furniture - Seating - Determination of stability.

Tested according to the Toxic Substances Control Act - TSCA Title VI - to ensure wood-based materials do not emit excessive amounts of formaldehyde, and that they comply with permitted limits.

BS 5852 part 1 - Determination of flammability resistance
